Github: https://github.com/Ahmd-Khaled
Linkedin: https://www.linkedin.com/in/ahmed-khaled-4b313526a

Profile

I decided to shift my career to be a Front End developer after spending
10+ years in Information Technology field. This decision came after deep
thinking as I prefer the field that my skills increase daily not just a daily routine.

Work Experience

Mid-Level Front End Developer (HATRIX - KSA)   Remotely Part-time

04/2024 – Present
- Designed front-end code using React.js/ Next.js to create a responsive web application that works across desktops and mobile devices.
